

## TYC SAILING PROGRAM:

### LODGING, LAUNCHING, MOORING AND MORE...

#### **LODGING:**

There are several lodging options in the area, from hotels to houses to campgrounds. Many of the ski areas have great specials on lodging during the summer months. Campgrounds, houses, and hotels are busy at the Lake during the summer months, so book early. Here are some phone numbers and Web sites to visit:

#### **Camping:**

[www.reserveusa.com](http://www.reserveusa.com) (877) 444-6777. This company books all of the Forest Service campgrounds. The most popular one is William Kent campground just across the street from Sunnyside Resort. This campground has accommodations for RV's.

[www.parks.ca.gov](http://www.parks.ca.gov) (800) 444-7275. This website will give you booking information on all California State Park Campgrounds. The most popular one in our area is the Tahoe SRA, which is located in Tahoe City just past the Safeway building.

[www.tahoe-city-pud.com/parksrec/fields.shtml#2](http://www.tahoe-city-pud.com/parksrec/fields.shtml#2) (530) 583-3796 This website will give you booking information from the Tahoe City PUD on Lake Forest Campground which is right at the Tahoe City Boat Ramp. It is \$15 per night and available on a first-come first-serve basis.

#### **Hotels/Houses:**

## LAUNCHING

There are several places around the Lake to put in your boat. These are the most convenient facilities for those boating and racing in the Tahoe City area:

### **Launch Ramps:**

There are two main launch ramps in the immediate area.

**TCPUD Launch Ramp** is located on Lake Forest Rd, approximately 2 miles north of Tahoe City on Hwy 28. Take a right at the first Lake Forest Rd. This is the location of the US Coast Guard station as well. Launching here is free, but it will cost around \$10 per day to park your car. You can park a trailer for that fee, but it MUST be attached to your car.

Sailboats such as Melges 24s can launch here, but you will want to make sure you are in deep enough water before putting the keel all the way down.

[www.tahoecitypud.com/parksrec/fields.shtml#2](http://www.tahoecitypud.com/parksrec/fields.shtml#2) (530) 583-3796 for more information.

**Obexer's Ramp** is located 7 miles South of Tahoe city on Hwy 89. Obexer's Marina typically has more water than the Tahoe City ramp especially in drought years. The fee is \$20 for a round trip, same day launch or \$12 one-way. There is no place to park a trailer except on the side of the road in a few places.

### **Marina Launching:**

The following marinas all have launch facilities either by forklift or travel lift, but you should check ahead of time for prices and availability.

**Tahoe City Marina** in Tahoe City <http://www.tahoecitymarina.com> (530) 583-1039.

**Obexer's Marina**, 7 miles south of TC <http://www.obexersboat.com> (530) 525-7962

**Tahoe Keys Marina**, 20 miles south of TC on South Shore, [www.tahoemarina.com](http://www.tahoemarina.com)  
(530) 541-2155

## MOORING

Mooring or docking guest boats is the biggest challenge that the TYC faces in planning events. Individual condominium slip owners own the marina in front of the clubhouse, and we are not allowed to tie off on any dock ends. There are places at the outside bulkhead to temporarily tie up, but no boats are allowed to tie up overnight.

The TYC has 4 moorings in front of the marina for its membership's use on a first-come first-serve basis. Members and guests can contact the club for day use and get a ride to and from the moorings by contacting the marina operator at the gas dock. Overnight mooring is not permitted unless prior arrangements are made with the management. For large events with out of town boats, we will make the moorings available overnight on a first-come first-serve basis. Contact TYC Karen Jakob at (530) 581-4700.

We will be using other vacant moorings in the area for large events, such as the Trans Tahoe. Contact Lynn Mullen at (408) 395-7710 or (530) 581-4178 to discuss your needs regarding launching, moorings, and trailer storage (another challenge TYC faces). Rides to and from the moorings will be available during the event by TYC staff. Contact the clubhouse at (530) 581-4700
